

# Get more done with Gathr

Meet Susan. She's a human resources professional who wishes there were more hours in the day — or a few more people on her team — to help her complete her to-do list. Thankfully, her company offers employee benefits from Colonial Life, which means Susan gets access to Gathr.

*Here's how Gathr helps Susan do more in less time, turning her to-do list into a did-that list!*

## Clicks instead of clutter

Run and store reports — like payroll deduction reports — online. No more paper files!

## Do it online in less time

Quickly add or terminate employees and get back to her other responsibilities in minutes!

## A compliance alliance

Simplify compliance by letting Gathr manage W-2 and I-9 forms.

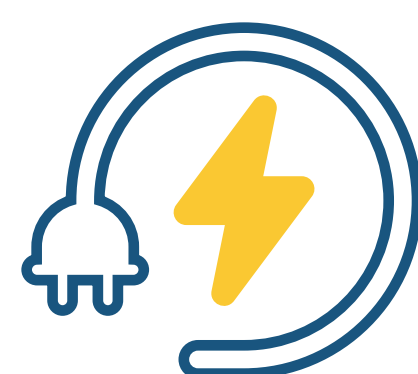

## Know more, do more

Understand data and make more informed decisions.

## Better benefits experience

Find everything all in one place and get back to getting things done efficiently.

## Always there, always on

Access Gathr anywhere, any time. From the office, from home, before work or after.

## One simple tool for getting things done

Gathr helps Susan every time she logs in. And it helps her be more present with her employees, since she has more time to work with people rather than papers.

Take a tip from Susan: start using Gathr today!
